

YOUR #1 CHOICE FOR COMPRESSED GAS CYLINDER COMPONENTS

American Cap Company is the world's leading manufacturer of compressed gas cylinder components. Since 1988, we have provided cylinder caps, collars, flanges, foot rings, lids, neck rings and other components to insure the safety of Industrial, LPG, CNG and Specialized Gas cylinders. We take pride in serving our customers worldwide.

VG001 VALVE GUARD

Custom Sizes Available

PRODUCT USE

The VG001 valve guard was developed to allow easy access to the valve with the additional protection of a halo strap, which also permits the handler to roll the cylinder. This design is used by gas distributors as a permanent replacement to the standard cylinder cap. The large openings provide easy access to the valve and valve handle, while maintaining a high level of protection for the valve from damage in the event of an accident.

KEY FEATURES:

- Allows easy access to the valve
- Top strap with knob for handling
- Meets ISO 11117, CSA B340, and DOT 49 CFR Standards
- Locks in place with stainless steel clamp screw
- High strength steel construction
- American made product

OPTIONS:

- Available in powder coated, plated, galvanized & super durable finishes
- Coarse thread 3-1/8 x 7 and 3-1/2 x 8
- Custom lettering
